

New for 2012! Order your Credentials online

Submit names for badges by logging on to <http://www.nmma.org/shows/exhibitors/default.aspx> and select **Order Credentials** from the menu.

A few notes regarding login/account creation: You as the exhibitor, first need to reset or set up a new password to register.

Reset Password here

<https://www.nmma.org/account/resetpassword.aspx?url=/shows/exhibitors/credentials.aspx>

You will receive an activation code via email which is used to verify the email address and to set up the account. Once you receive the activation code, return to the web page, enter the code, and create a password. If the email address is not currently in our system, you can search for and select by **Company**. Once you have selected the company, select the show (i.e. Progressive Insurance Miami International Boat Show) and follow the steps to order credentials.

You will have access to the number of free badges that correspond to your square footage of exhibit space. There is an \$18 charge for any badges ordered over the limit to be paid via credit card at the time of the order.

I hope you find this information helpful and our new system easy to use. Please email us at Miamicredentials@nmma.org if you should have any issues.
