

## IN-WATER FREIGHT RULES

Progressive Miami

International Boat Show

February 13 - 17, 2020

Miami Marine Stadium Park & Basin  
at Virginia Key

## IN-WATER FREIGHT RULES

### Weight Limits for floating docks:

- All exhibits must have a display layout approved by NMMA in advance. Please provide:
  - 1) [Boat Information form](#)
  - 2) [Display Layout with component weights](#)
  - 3) [In-water Inquiry form \(tent, a/c, and electrical specifics\)](#)
- **Maximum weight** allowances for a **10 x 40** floating dock are as follows:
  - 1,000 pounds total on a float (multiply for each additional float)
  - **750 pounds a crate including crate and contents**
  - Maximum 2 crates for each float (combined weight not to exceed 1,000 lbs.)
  - For a **10 x 20** floats – one-half of maximum above
- Tents with **glass walls** must be included in the **maximum weight limits above** and will further restrict your display weight limits.

For any questions about display rules or float(s) capacity, please contact Scott Cohen at [scohen@nmma.org](mailto:scohen@nmma.org) or 954.441.3242.

### Delivery Process:

- Freight will be targeted to arrive 3 at a time after tent, electrical and flooring are installed
  - **Please schedule flooring delivery, and installation prior to freight target**
- **All 3 crates delivered must be tagged and removed from the docks prior to additional deliveries (of 3 at a time).**
- **All crates** must be tagged with empty stickers and off the docks **by Tuesday, February 11, at 2p.m.**
- **Freight returned unused and for storage during the show will be assessed a handling and storage fee.**

For any questions about your freight schedule, carpet or display labor, please contact Expo customer service at 305.751.1234.
